

The Village of Point Venture has a long term roadway improvement plan AND we are ready to get first section of Village roadways underway.

**Alpha Paving will begin roadway maintenance on April 8.** They will work on our roadways Tuesday through Friday for approximately two weeks. **The crews will work 9am to 4pm.**

Not all roadways will be affected, but possibly there may be some little delays moving through our community. Attached you will find the two week schedule (beginning April 8), the roadways affected and road maintenance performed. It is so very important that no vehicles are parked in the roadway or the ROW. Help us make sure we get roadway maintenance complete by no parking on roadways and be helpful to road crews by also not parking in right of way while crews are active and working on your street.

**If you have any questions, call the Village office (512)267-5511 opt 1.**

**Schedule of Work:**

Week One	Streets	Notes
<b>Tuesday April 8</b>	all roadways milling performed Summit Ridge Dr (Staghorn to Venture Dr) Champions Circle Lakepoint Cove (at Lakeland)  Lakeland Dr	need cars off roadway and ROW roadway base repairs roadway base repairs-two locations roadway base repairs roadway base repairs-two locations coming down Lakeland to Venture Blvd S
